PROFESSIONAL EXPERIENCE

QuinStreet Jun, 2020 – Present, Foster City, CA

Senior Product Manager Jul, 2024 – Present

- Owned the end-to-end product strategy and roadmap for the company’s largest vertical (Insurance), driving competitive analysis and UX optimization across platforms that serve **4M+ annual users**.
- Drove **66% YoY revenue growth** in Small Business Insurance by conceptualizing and launching a **0-to-1** product suite, establishing the infrastructure to successfully expand the marketplace into new high-value commercial categories.
- Generated **\$1.1M in incremental revenue** by establishing a high-velocity experimentation framework (200+ tests); strategically refined the roadmap based on data synthesis, market research, and alignment with 6+ cross-functional department heads.
- Unlocked **\$3.6M in annualized revenue (\$300K/mo) at 35% margin** by architecting a custom pre-qualification engine for a strategic partner (USAA), ensuring strict compliance for military-affiliated user segments.

Product Manager Jul, 2021 – Jun, 2024

- Accelerated user conversion, achieving a **74% lift in form completion rate** by integrating API-driven pre-fill systems and re-architecting a critical user qualification flow.
- Boosted client-side performance (**56% lift in click-to-quote rate**) through personalized traffic segmentation logic, enhancing the marketplace matching accuracy between user needs and client offerings.
- Demonstrated leadership by **managing and mentoring one (1) Product Associate**; developed their analytics literacy and test framework expertise, resulting in their promotion and expanded ownership within **15 months**.

Product Associate Oct, 2020 – Jun, 2021

- Executed the full cycle of the A/B testing roadmap in the Life Insurance category, managing test implementation, hypothesis refinement, and conducting rigorous data analysis to report to leadership.

Analytics Intern Jun, 2020 – Sept, 2020

- Processed and synthesized large, complex datasets using **SQL** and advanced **Excel** functions to support critical daily reporting and ad-hoc query needs for the account management team.
- Built dynamic data visualizations and dashboards in **Tableau**, empowering stakeholders to track Key Performance Indicators (KPIs) and drive more effective decision-making.
